Independent Accountant's Review Report

To the Board of Directors of Return to Freedom, Inc.:

We have reviewed the accompanying financial statements of Return to Freedom, Inc. (a non-profit Organization), which comprise the statement of financial position as of December 31, 2016, the related statements of activities and changes in net assets, functional expenses and cash flows for the year then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

NOTES TO THE FINANCIAL STATEMENTS
(Unaudited – See Independent Accountant’s Review Report)

Note 1 - Nature of Activities

Return To Freedom, Inc. (the Organization) was formed as an animal sanctuary and educational retreat. The Organization provides a home for animals that may otherwise be slaughtered, abused, or left to roam without food or water. The focus of the Organization is wild horse rescue and sanctuary, education, and preservation of diverse natural herd groups.

Note 2 - Summary of Significant Accounting Policies

A) Basis of Presentation

The Organization has adopted Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958-605, *Contributions Received*, and ASC 958-205, *Financial Statements of Not-for-Profit Organizations*. ASC 958-205 establishes standards for external financial reporting by not-for-profit organizations and requires that resources be classified for accounting and reporting purposes into three net asset categories according to donor imposed restrictions. ASC 958-605 requires that unconditional promises to give (pledges) be recorded as receivables and revenue and for the Organization to distinguish between contributions received for each net asset category in accordance with donor-imposed restrictions. A description of the three net asset categories follows:

Unrestricted Net Assets

The unrestricted group of net assets represents unrestricted resources available for current support of the Organization’s activities. Designations by the Board of Directors are included in unrestricted net assets.

Temporarily Restricted Net Assets

Temporarily restricted net assets include gifts which may be fully expended but have been restricted by donors for certain purposes or are subject to time restrictions. Donor restricted contributions whose restrictions are met in the same year as received are reflected as unrestricted contributions in the accompanying financial statements.

Permanently Restricted Net Assets

Permanently restricted net assets include gifts and endowment funds, which require by donor restriction that the corpus be invested in perpetuity and only the income be made available to the Organization for use in accordance with donor restrictions.

RETURN TO FREEDOM, INC.
NOTES TO THE FINANCIAL STATEMENTS
(Unaudited – See Independent Accountant’s Review Report)

Note 2 - Summary of Significant Accounting Policies (continued)

B) Donor Restrictions

The Organization reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities and changes in net assets as net assets released from restrictions.

The Organization reports gifts of property and equipment (or other long-lived assets) as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Without explicit donor stipulations about how long those long-lived assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

C) Cash and Cash Equivalents

All highly liquid financial instruments with a maturity of three months or less at the date of purchase are considered to be cash equivalents. Amounts held as investments are not considered cash and cash equivalents for the purpose of the statement of cash flows.

D) Property and Equipment

Property and equipment acquisitions are recorded at cost, or if donated, at fair value at the date of donation. Depreciation is provided over the estimated useful lives of the respective assets on the straight-line basis. Amortization of the leasehold improvements within an operating lease shall be amortized in accordance with ASC 840 over the shorter of the useful life of the improvements or the lease term, including additional renewal periods that are reasonably assured.

The estimated useful lives of the assets are as follows:

Computers and equipment	5 years
Leasehold improvements	3 - 15 years

RETURN TO FREEDOM, INC.
NOTES TO THE FINANCIAL STATEMENTS
(Unaudited – See Independent Accountant’s Review Report)

Note 2 - Summary of Significant Accounting Policies (continued)

E) Donated Services

The financial statements include \$900 recorded for donated consulting services provided to the Organization in unrestricted contributions and program expenses for the year ended December 31, 2016. A substantial number of other volunteers, including the Board of Directors, have donated significant amounts of their time to the Organization. However, no amounts are reflected in the financial statements for these other donated services since no objective basis is available to measure the value of such services.

F) Investments

Investments are primarily investments in debt and equity securities that are carried at market value, with realized and unrealized gains and losses reported as changes in unrestricted net assets. The cost of securities sold is based on the specific identification method.

G) Income Taxes

The Organization is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code and is generally exempt from federal and state income taxes on related income pursuant to Section 509(a)(1) of the Code. The Organization is not considered a private foundation for income tax purposes.

H) Functional Allocation of Expenses

The costs of providing the various programs and other supporting services have been summarized on a functional basis in the statement of functional expenses. Expenses that can be specifically identified with a specific program or supporting service are charged directly to the related program or supporting service. Expenses that are associated with more than one program or supporting service are allocated based on time spent in the various functions as estimated by the Organization’s management.

I) Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

RETURN TO FREEDOM, INC.
NOTES TO THE FINANCIAL STATEMENTS
(Unaudited – See Independent Accountant’s Review Report)

Note 3 - Board Designated Net Assets

In 2010, the Board of Directors adopted an investment policy designating \$500,000 of an anonymous contribution as board designated net assets. Once this fund grows to \$1,000,000, a portion of the funds can be used for capital improvement projects upon Board approval. The Organization uses the income generated from board designated net assets for operations and the principal is maintained under the discretion of the Board.

Note 4 - Investments

Investments are recorded as follows as of December 31, 2016:

Unrestricted	\$ 1,185,827
Permanently restricted	<u>167,700</u>
	<u>\$ 1,353,527</u>

Permanently restricted investments consist of funds to be held in perpetuity, the income from which is expendable for operations and to purchase land. See Note 9.

Investments consist of the following as of December 31, 2016:

	<u>Cost</u>	<u>Market</u>	<u>Excess of Market Over (Under) Cost</u>
Cash and cash equivalents	\$ 68,966	\$ 68,966	\$ -
Corporate stocks and equity funds	1,096,060	1,156,471	60,411
Bonds and bond funds	<u>128,225</u>	<u>128,090</u>	<u>(135)</u>
	<u>\$ 1,293,251</u>	<u>\$ 1,353,527</u>	<u>\$ 60,276</u>

Note 5 - Fair Value Measurements

The Financial Accounting Standards Board provides a framework for measuring fair value under accounting principles generally accepted in the United States of America and requires certain disclosures regarding fair value measurements for all assets and liabilities that are being measured and reported on a fair value basis. This enables the reader of the financial statements to assess the inputs used to develop those measurements by establishing a hierarchy for ranking the quality and reliability of the information used to determine fair values.

RETURN TO FREEDOM, INC.
NOTES TO THE FINANCIAL STATEMENTS
(Unaudited – See Independent Accountant’s Review Report)

Note 5 - Fair Value Measurements (continued)

The framework requires that assets and liabilities carried at fair value are classified and disclosed in one of the following three categories:

- Level 1: Quoted prices for identical assets and liabilities traded in active exchange markets, such as the New York Stock Exchange.
- Level 2: Observable inputs other than Level 1 including quoted prices for similar assets or liabilities, quoted prices in less active markets, or other observable inputs that can be corroborated by observable market data. Level 2 also includes derivative contracts whose value is determined using a pricing model with observable market inputs or can be derived principally from or corroborated by observable market data.
- Level 3: Unobservable inputs that are not corroborated by market data.

The Organization has various processes and controls in place to ensure that fair value is reasonably estimated. A model validation policy governs the use and control of valuation models used to estimate fair value. This policy requires review and approval of models, and periodic re-assessments of models to ensure that they are continuing to perform as designed. The Organization performs due diligence procedures over third-party pricing service providers in order to support their use in the valuation process. Where market information is not available to support internal valuations, independent reviews of the valuations are performed and any material exposures are escalated through a management review process.

During the year ended December 31, 2016, there were no changes to the Organization’s valuation techniques that had, or are expected to have, a material impact on its financial position or results of operations.

The following is a description of the valuation methodologies used for instruments measured at fair value:

Cash and cash equivalents: The carrying amount approximates fair value because of the short maturity of those investments.

Mutual funds: Mutual funds are valued at the net asset value (“NAV”) of shares held at year end. The NAV is based on the value of the underlying securities which are valued based on quoted market prices, when available, or market prices provided by recognized broker dealers.

Exchange-traded funds: Exchange-traded funds are generally valued at or near the net asset value (“NAV”) of the underlying assets held, however they trade on a stock exchange like a common stock. Therefore the market price of the exchange-traded fund is readily determinable by the current trading price on the stock exchange on which they are listed.

RETURN TO FREEDOM, INC.

NOTES TO THE FINANCIAL STATEMENTS

(Unaudited – See Independent Accountant’s Review Report)

Note 5 - Fair Value Measurements (continued)

Fixed income: The fair value of fixed income investments is the market value based on quoted market prices, when available. If listed prices or quotes are not available, fair value is based on the investment’s net realizable value as determined by management.

The following tables set forth by level, within the fair value hierarchy, the Organization’s assets measured at fair value, on a recurring basis, as of December 31, 2016.

	Total Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Cash equivalents included in investments	\$ 68,966	\$ 68,966	\$ -	\$ -
Mutual funds	511,407	511,407	-	-
Exchange-traded funds	645,064	645,064	-	-
Fixed income	128,090	128,090	-	-
Total assets, at fair value	<u>\$ 1,353,527</u>	<u>\$ 1,353,527</u>	<u>\$ -</u>	<u>\$ -</u>

Note 6 - Income Tax Matters

The Organization has adopted the accounting for uncertainty in income tax positions contained within accounting principles generally accepted in the United States of America. This guidance requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Organization’s financial statements to determine whether the tax positions are more likely than not of being sustained by the applicable tax authority. Tax positions not deemed to meet the more likely than not threshold would be recorded as a tax benefit or expense in the current year. Management evaluated the Organization’s tax positions and concluded that the Organization had taken no uncertain tax positions that require adjustment to or disclosure in the financial statements to comply with the provisions of this guidance.

However, the conclusions regarding accounting for uncertainty in income taxes will be subject to review and may be adjusted at a later date based on factors including, but not limited to, ongoing analysis of tax laws, regulations, and interpretations thereof. The Organization files income tax returns in the U.S. federal jurisdiction and in the state of California. The Organization is no longer subject to U.S. federal tax authorities for the years before 2013 and by state of California tax authorities for years before 2012.

RETURN TO FREEDOM, INC.

NOTES TO THE FINANCIAL STATEMENTS

(Unaudited – See Independent Accountant’s Review Report)

Note 7 - Endowment

The Organization’s endowment was established for the purpose of attracting additional major donations and for the long-term needs of the Organization. The endowment includes one donor-restricted endowment fund and one fund designated by the Board of Directors to function as endowments. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board of Directors of the Organization has interpreted the State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary.

As a result of this interpretation, the Organization classifies as permanently restricted net assets (a) the original value of the gifts donated (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

In accordance with SPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the Organization and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Organization
- (7) The investment policies of the Organization

Endowment net assets, end of year	<u>\$ 783,003</u>	<u>\$ -</u>	<u>\$ 197,895</u>	<u>\$ 980,898</u>

Return Objectives and Risk Parameters

The Organization has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by the endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Organization must hold in perpetuity as well as board-designated funds. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results of the S&P 500 index. The Organization expects its endowment funds, over time, to provide an average rate of return of approximately 5 percent annually. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Organization relies on a growth and income model in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Organization targets a diversified asset allocation that places a greater emphasis on equity and fixed income investments to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and How the Investment Objectives Relate to Spending Policy

The Organization has a policy to appropriate for distributions amounts recommended by the investment committee such that real return from the fund remains positive. This is consistent with the Organization’s objective to maintain the purchasing power of the endowment assets held in perpetuity as well as to provide additional real growth through new gifts and investment returns.

Note 12 - Contingencies

The contractor responsible for filing payroll tax returns and remitting payroll tax payments for the Organization failed to do so beginning in 2011 through a portion of 2013. During 2014, the Organization filed all the payroll tax returns that were not timely filed. Upper management immediately stepped in to reorganize and negotiate with the Internal Revenue Service regarding late filing fees and penalties that were assessed. During 2016, the Organization received a letter from the Internal Revenue Service confirming a partial abatement of interest and penalties. Management has accrued \$130,507 as of December 31, 2016, respectively, related to this matter.

Note 14 - Retirement Plan

The Organization has adopted a retirement plan under Internal Revenue Code Section 403(b). Substantially all employees are eligible to participate on the first anniversary of their employment commencement date. The Organization’s contributions to the plan are at the discretion of the Board of Directors. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Organization’s discretionary contributions plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service. The Organization did not make any contributions to the plan during the year ended December 31, 2016.

Note 15 - Related Party Transactions

Lease Obligation

The Organization leases its administrative office and ranch facilities from the President of the Organization and a family member. The facilities include approximately 300 acres of grazing pastures, horse barns, and veterinary facilities. As a condition of the lease, the Organization is responsible for maintenance expenses of the property. Beginning in July 2012, the Organization agreed to pay \$4,000 on a monthly basis through July 28, 2014. In August 2014, this lease was renewed with similar terms through July 28, 2015 and contains an auto renewal feature for future years. For the year ended December 31, 2016, the Organization paid a total of \$48,000 in rent payments. The current lease expired July 28, 2015 and was automatically renewed on a month-to-month basis per the provisions in the lease agreement.

Management estimates the full value of the property at \$9,000 a month. The Organization has recorded the donated use of facilities at the estimated fair market value of the facilities less the actual amounts paid as in-kind donated facilities. For the year ended December 31, 2016, the Organization reported \$60,000 in donated facilities.

Note 16 - Subsequent Events

Subsequent events have been evaluated through April 3, 2018, the date that the financial statements were available for issuance.
